

Aluminum Association of Florida, Inc.

Project Backup Warranty

The Aluminum Association of Florida guarantees the warranty of the member contractor listed below. This assurance document has been executed for your protection in the event that the AAF contractor cannot fulfill his warranty obligation.

This warranty does not cover damage by willful or accidental abuse, normal weathering, and acts of nature such as lightning, fire, wind, hail, fallen tree, wind debris or other natural disasters beyond the reasonable control of the Aluminum Association of Florida.

This warranty is limited to a period of one year from the date of project completion and applies only to the project's materials and workmanship. The warranty is non-transferable and inures only to the benefit of the original purchaser. All other product warranties remain applicable.

The Aluminum Association of Florida is not responsible for indirect, punitive, special, incidental or consequential damages or losses the consumer may suffer or incur in connection with product or its use or by any illegal business conduct.

If a warranty claim should become necessary, all claims must be made in writing with proper documentation within the warranty period of one year of the date of substantial completion. The contractor must have a valid active AAF membership status at the time of the project contract date. When required by the building department having jurisdiction, a building permit must have been obtained and the final inspection must have been successfully completed. All AAF warranties must be recorded by the state office of the AAF. This warranty is limited to AAF contractor members only.

Thank you for dealing with an Aluminum Association of Florida contractor member for your home improvement business. The association values its contractor's business and for your protection, the AAF will provide the service if needed.
